Components for the sampling technique

Range of products

Chapter	Subject	Information	
1	Heated or unheated gas sampling probes	ASP	Sample probes incl. heated versions up to 200°C with internal and/or external filters
		AET	Extension tubes for sample probes
		AST	Sample tubes for sample probes
		ADT	Demister tubes for sample probes
		ATF	Top / Pre-filters for sample probes
		AAS	Abrasive shield for top / pre-filters
2	Heated sample lines and controllers	AHL	Custom made heated sample lines made of PTFE or SS, auto-regulated or controlled and heated up to 250°C.
		ATC	Temperature controllers
3	Compressor coolers	ACC	Compressor coolers with different heat exchangers
		AAC	Ambient air coolers
	Peltier coolers	APC	Peltier coolers with different heat exchangers
		ACS	Condensate separator
	Condensate removal	ALD	Liquid drain
		ACV	Condensate vessel
Alarm sensor	ALA	Liquid sensors on different principals, alarm and electronic units	
4	Filters	AUF	Wide range of universal filter series made of different materials PTFE, PVDF, SS and different elements: Ceramics, PTFE, glass-fibre, SS
		AAM	Refillable adsorption material filters
		AAF	Ambient air suction filters
		AHU	Humidifiers
		AWB	Wash bottles
		AFP	Fluid particle filters; for catching & retract aerosols
		APF	Panel filters
		ALS	Liquid stops to protect analysers or moisture sensible apparatus
5	Flow meters	AFM	Flow meters
6	Pumps	ACP	Peristaltic condensate pumps
		AMP	Membrane pumps with different flows, pressures. Made of PTFE, Kynar PVDF or SS
7	Liquid samplers	AFS	Fast loop liquid samplers
8	Connectors fittings valves	ACF	Connectors, fittings, valves made of PVDF/PTFE
		PBV	SS Ball-valves
		PNV	SS Needle valves
		PCV	SS Check valves
		PFI	SS Fittings Inches
		PFM	SS Fittings Metric
		PPF	SS Pipe fittings
		PRV	SS Gouge root valves
		PVM	SS Manifold valves
AGP	Gas panels , pressure regulators		
9	Gas conditioning systems – Modular design	APS	Portable gas conditioning system
		ADS	Compact Digital PLC-controlled gas conditioning System in 19"-rack version
		ASS	Stationary gas conditioning system
		AMD	Modular design

Information on Delivery Times for Standard Products

With these standard delivery time indications you can simplify your quotations.

Indication of delivery times in weeks after receipt of order and complete clarification of all commercial and technical issues.

Validity only for small quantities and are submit to possible changes due to sudden over sales
